

After the Bombs - My Berlin

This recollection begins with a German family's lives at the beginning of World War I. It is leading into memories of growing up in Berlin after World War II, when times were different. The war was over, Berlin was mostly rubble and the Cold War period began. The Berlin Blockade and the construction of The Wall placed the city in the center of the Cold War. A difficult place to be. Read through hardships, challenging conditions and the strict society of the times. Eventually Heidi's adventurous spirit emerges, reminding us that we are stewards of our own destiny.
