

Life Lessons for Couples

Happy and unhappy couples both have, generally speaking, the same problems. The happy couples aren't richer or better looking or smarter. They just do things differently. And they've learned some lessons that have helped them have a better life together. This little book is designed to teach you what they do and what they've learned. Since the publication of *Life Lessons for Women* and *Life Lessons for Mothers*, many readers have asked for a book specifically for couples. Within this book are lessons for couples, drawn from the author's own marriage, happily married friends and relatives, books, journals, and numerous marriage counselors who were kind enough to share their thoughts. It's the little things that count. Remember to appreciate that someone special in your life with the common-sense and heartfelt lessons contained within *Life Lessons for Couples*.
