

Partners-in-Crisis

Partners In Crisis is the most fascinating, revealing inside story written by a Nixon campaign worker and personal friend. It is filled with dramatic revelations of the human and spiritual. Political and personal which Montgomery had known first hand---new light is shed on the 1960 Kennedy/Nixon presidential race which was the closes race in history---not the Bush/Gore race; how Pat Nixon was a better campaigner than her husband, and loved by people until the day she died; terrorism attacked the rule of law; and how the CIA fed false information to the Washington Post to topple the President.
