

Our Island: A Fourteen-Month Journal of Life on Swan's Island, Maine, in the Seventies

About Junkins novel *Orchards of Almonds*: Don Junkins semi-autobiographical novel, *Orchards of Almonds*, blossoms with a Camelot-studded cast of characters that includes Kennedys alive and dead, Lbj and company, Reagan, and dozens of California politicians, academics, Viet Nam protesters and movie stars. . . . Junkins-as much the poet in design as in language-has achieved another triumph of deftness, irony and grace. Allen Josephs (*On Hemingway and Spain*) I was bowled over by *Puss*. I have never read, in any other literary work, such a profoundly pure and honest and dead-on rendering of the young girl. And that coupled with her extraordinary father/daughter relationship, it moved me deeply. He did for that relationship what Hemingway did for father and son in *Indian Camp*. Linda Miller (*Letters from the Lost Generation: Gerald and Sara Murphy and Friends*)
