

P. A. Stolypin: The Search for Stability in Late Imperial Russia

This is the first comprehensive biography in any language of Russia's leading statesman in the period following the Revolution of 1905. Prime Minister and Minister of Internal Affairs from 1906 to 1911, when he was assassinated, in post-1905 Russia P. A. Stolypin was virtually the only man who seemed to have a clear notion of how to reform the socioeconomic and political system of the empire.
