

## Re-Reading Wagner -Mov #13 (Monatshefte Occasional Volumes)

This multidisciplinary collection of readings offers suggestive new interpretations of Richard Wagner's ideological position in German history. The issues discussed range from the biographical reasons for Wagner's travels, his spotted political life to the aesthetic and ideological, regarding his re-creation of medieval Nuremberg, his representations of gender and nationality, his vocal iconography, his anti-Semitism, and his vegetarian arguments, and, finally, his musical heirs. The essays are written by Tamara S. Evans, Edward R. Haymes, Peter Uwe Hohendahl, Peter Morris Keitel, Alexa Larson Thorisch, Audrius Dundzila, Marc A. Weiner, Jost Hermand, Frank Trommler, and Hans Rudolf Veget. Avoiding journalistic or iconoclastic approaches to Wagner, these writers depart from the usual uncritical admiration of earlier scholars to develop a stimulating and ultimately cohesive collection of new perspectives.
